DETAILED ACTION

The response and the Declarations submitted by Applicant overcome the prior art rejection. However, a new ground of rejection is cited herein based on a further review the prior art.

Claims 9, 13, 17 and 39 are rejected under 35 U.S.C. 102(b) as being anticipated by WO 99/10165 of record on 1449.

The reference discloses a polyarylene ether based compound in that a sulfonic group is introduced to a polyarylene ether based polymer having a dioxybiphenylene unit (see Table 7, the third formula form the top).

Claims 1-8, 16 and 38 are allowed.

Claims 10-12 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Duc Truong whose telephone number is 571-272-1081. The examiner can normally be reached on Monday-Friday.
